#LETGIRLSPLAY Biggest Ever Football Session

On Wednesday 8th March, 2023, girls from across BWA came together to take part in the Biggest Ever Football Session. This day is an initiative by England Football whereby all schools around England run girls football activities and matches on the same day to get more females involved in the sport.

Our girls participated in a 30-minute lunchtime session of skills, drills and activities all related to football.

We ran 2 sessions and had around 50 students attend, with huge smiles on their faces, which we thought was amazing.

We would like to thank England Football for this initiative and want to continue to encourage our girls to get in there and have a go.
