Years 3 & 4 Cricket Festival

As part of the school's drive to increase pupils' exposure to new sports, eight pupils from Years 3 and 4 took part in a cricket multi-skills festival at The Oval, one of England's most renowned cricket grounds and one of the venues where The Ashes was held between England and Australia this summer.

Fantastic coaches from Surrey Cricket Foundation helped the pupils enhance their performance of various skills required in cricket as well as their understanding of the rules and tactics related to the sport.

All our pupils took on this opportunity with a fantastic attitude and thoroughly enjoyed the experience. For some of our pupils, this their first experience of cricket and we hope that it will inspire them and others to take up the sport in the future. We were also lucky enough to meet England and Surrey Cricket star, Sam Curran during his training session at The Oval on the day!
