## Sports Council

In March 2025, we started our first BWA Sports Council. Pupils had to apply for the job in writing and were selected on their merit from demonstrating leadership, organisation and social skills.

Their first job was running the supervision of the table-tennis table. They are responsible for the safekeeping of the equipment, coaching and running a ladder competition during breaks and lunchtimes, for all pupils to enjoy. Later in the year these students helped running and coaching the younger students during sports days making the days a fantastic experience for all.
