## Year 3 Art - Spring 2024

This term, whilst working with our resident artists, Year 3 pupils created a mixed media piece based on an original artwork from Ancient Egypt. They explored pattern and texture and ways to make marks, using a variety of art mediums and techniques including watercolour blending, and collage.

Pupils looked at marks and lines with a wide range of drawing implements – pencil, oil, pastels, paint and colleges.

They experimented with ways that surface detail can be added to drawings and how shading with different medias achieve a range of light and dark tones.
