Year 4 were lucky enough to have a virtual visit from Margret, a qualified dentist who told the children all about the role of teeth and how to keep them healthy.

The children were able to use their knowledge of the 4 different kinds of teeth (canines, molars, premolars and incisors) to ask some wonderful questions about teeth health.

The children found learning about the importance of brushing your teeth particularly fascinating: don't forget, two minutes, twice a day!
