Year 6 Transport for London Visitor

On Friday 10th January, Year 6 had a visitor from Transport for London.

We learnt about how we should behave on all public modes of transport around our capital city.

We also learnt how to stay safe and to ignore peer pressure in

The children thought it was very interesting and we all learnt a lot to help us in London. It was brilliant to have a visitor who can offer us information to help us live a safe life in London.
