## Year 6 Netball Tournament

On 1<sup>st</sup> March, 8 of our Year 6 students represented BWA in a Netball Tournament at Burntwood College. Our students were eager to showcase their newly learned Netball skills in the 5-a-side competition which was comprised of some very competitive schools.

Although the results didn't fall our way we competed valiantly and learned some valuable lessons in work ethic, sportsmanship, teamwork and communication. I was very proud of the pupils that came on the day and thought they represented the school excellently.
